

MY ADVENTURE. RESTORED HERE.

I AM DARRIN ZAPF. I'M 45 YEARS OLD AND AN IT ADMINISTRATOR. I ENJOY SNOWBOARDING, CAMPING AND MOUNTAIN BIKING. ALL THESE ACTIVITIES I REALLY LIKE TO DO WITH MY KIDS. IT'S A CHANCE FOR US TO SPEND SOME QUALITY TIME TOGETHER!

I came to Iowa City Ambulatory Surgical Center (Iowa City ASC) to repair my Achilles tendon that ruptured during a snowboarding outing.

The injury happened when I was snowboarding with my son. We were having fun, messing around and doing jumps like we'd normally do. My son is always giving me grief that I am too old to be doing these jumps, but I am still young at heart so I did them anyway. However, I was doing a jump and landed awkwardly. I later discovered that I had ruptured my Achilles tendon.

After I knew surgery was necessary, I started looking around for a top-notch surgical facility with the reputation to match. Iowa City ASC fit the bill.

At first, I was apprehensive about having surgery but I was quickly put at ease. I was concerned about having a major surgery like this. Thoughts rolled around in my head but I was hopeful things would go well. And that they did! Once they put me under, I was in and out of surgery within an hour. The Iowa City ASC staff gave me an idea of what to expect, so

I went home informed and wasn't faced with any surprises. After surgery and just two physical therapy sessions, they were surprised by my recovery progress in such a short amount of time. I'm sure my successful recovery was a result of the skills of the Iowa City ASC staff.

The Iowa City ASC staff were very attentive. They took care of me right away. When they took me back to prep me for surgery, the staff even checked in to see if I was all right. They really put me at ease. The staff exhibited a high level of professionalism throughout my experience. The nursing staff, in particular, was fantastic from the moment that I walked through the door. They made me feel very comfortable.

I was amazed at how well they were able to put me at ease before the surgery. The staff was professional the the facility is top notch. I don't know that you can find that anywhere else.

If I had to sum up the Iowa City ASC in one word, it would be professionalism.

"THE STAFF AT ICASC HAS A HIGH LEVEL OF PROFESSIONALISM. THE NURSING STAFF IN PARTICULAR WAS FANTASTIC FROM THE MOMENT THAT I WALKED THROUGH THE DOOR. THEY WERE TAKING CARE OF ME. I WAS AMAZED AT HOW WELL THEY WERE ABLE TO PUT ME AT EASE BEFORE THE SURGERY."

A multi-specialty surgical center.
